WAY OUT SALVAGE

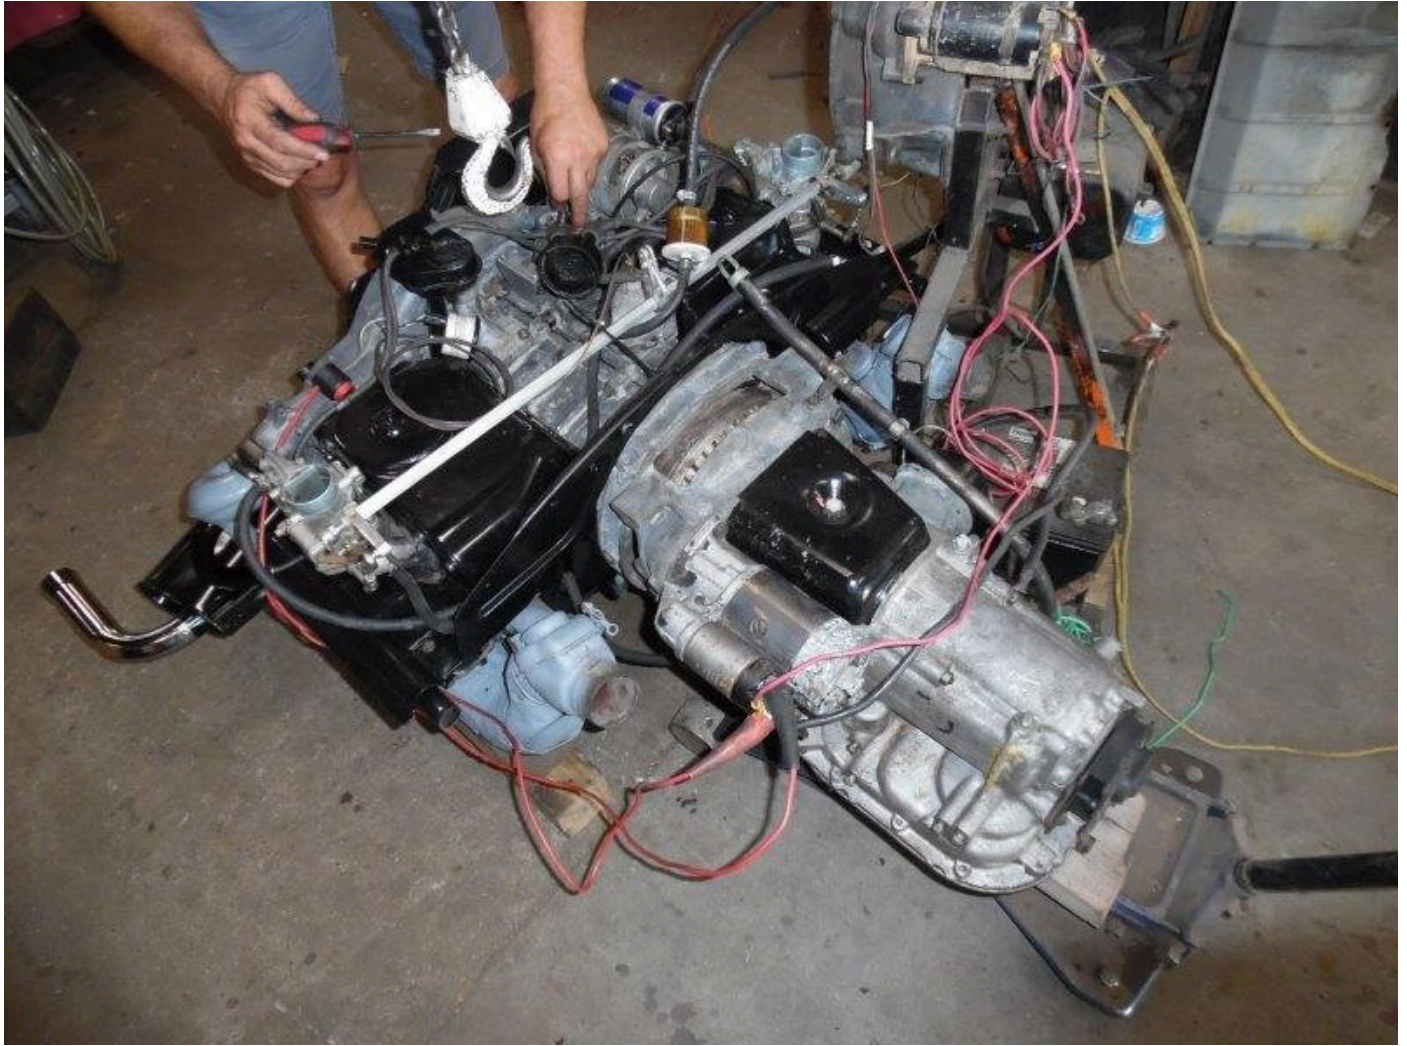

PARTS

We have a great collection of quality, used parts for your project. We also sell project cars for your parts! Be sure to check out our listings in the [classifieds on The Samba](#). We list most everything through that site, so you always know where to look. If you don't see what you need listed there, just call and ask. Odds are we have it, or know where to find it.

SERVICE

Sometimes having the right parts just isn't enough. We have decades of service experience, from minor repairs to complete restorations. We've been known to build some pretty wild stuff, too. Let us know how we can help you with your project.
